## SUMMARY

I am a passionate and driven MSc Computer Science student in my second year at Pondicherry University, with a strong desire to make an impact in the field of technology. My academic journey has been characterized by a commitment to learning, problem-solving, and the pursuit of excellence.

## EDUCATION

### Master of Science - MS, Computer Science

Pondicherry University • May 2024

### BCA, Computer Science

IIMT • May 2022

## SKILLS

**Industry Knowledge:** Data Visualization, Data Science, Database Management System (DBMS), Machine Learning, Search Engine Technology, Computer Ethics

**Tools & Technologies:** Java, Python, My SQL, MongoDB, HTML, Cascading Style Sheets (CSS), Microsoft Office

## EXPERIENCE

### Data Science Intern

#### Bharat Intern

October 2023 -November 2023, Remote

- One-month virtual internship in Bharat Intern Institute.
- Spearheaded comprehensive data analysis leveraging Python and its libraries, encompassing diverse datasets sourced from various verified platforms.

## PROJECT

COVID-19 Data Analysis in Jupyter Notebook using Python and its libraries

Stock Prediction using Machine Learning (Bharat Intern)

ATM Interface via JAVA

## CERTIFICATIONS

### Data Fundamentals

IBM • 2023

### Database Operations in MariaDB Using Python

Infosys • 2023

### Introduction to Artificial Intelligence

LinkedIn • 2023

### Connecting to a MongoDB Database

MongoDB • 2023

### Connecting to MongoDB in Python

MongoDB • 2023

### Lyft - Back-End Engineering Job Simulation

Forage • 2023

### J.P. Morgan - Software Engineering Job Simulation

Forage • 2023

### SQL(Advanced)

HackerRank • 2023

### Data Modeling for MongoDB

MongoDB • 2023

### MongoDB CRUD Operations in Java

MongoDB • 2023

### Tata - Data Visualisation: Empowering Business with Effective Insights Job Simulation

Forage • 2023
